FREIGHT RATES DROP

ON TUESDAY OF NEXT WEEK

High Level Bridge Project Considered Settled and Strathcona-Saskatoon Line Spoken of

(Bulletin Special Correspondence) Strathcona, Oct. 3.—His Honor Mayor Davies, was a busy, happy man yesterday. Several leading C. P. R. officials were in town on very important business in connection with the commercial future of the town. Our merchants and citizens will after Oct. 10th, get the benefit of the same freight rates as do the people of Calgary. This means that the extra haul from Calgary to Strathcona will henceforth be cut out.

The high level bridge crossing question has also been satisfactorily solved and has now passed from the speculative to the realistic and it will not be long before the citizens of the town reap some tangible benefit from the actual prosecution of the work, which it is understood will be commenced in the near future.

There is every indication too that the C.P.R. will soon construct a road from Strathcona to Saskatoon which will naturally shorten the road from here to Winnipeg and consequently reduce rates. This road would open up an immense tract of virgin land and create a great influx of settlers, who would require the necessities of life, implements, etc. Our town would get a share of this increased volume of traffic and thus expand more rapidly than in the past.

W. H. Stephen, Government Fire Ranger, is in town. He purposed going to the Vermilion district and as far north as St. Paul de Maria.

Mr. A. F. O'Neil of the firm of O'Neil Bros., breeders and importers of registered Herefords of Maple Grove, Ontario, left town this afternoon. He has been touring the West for the last few weeks and is much taken up with its possibilities and thinks it is a land "flowing with milk and honey."

Rev. Mr. Gorry left yesterday for Winnipeg to attend a meeting of the Home Mission Board. He will be absent over a week. Revs. Phelan and McDonald of Edmonton will supply the pulpit in his absence.

MILDLY SUGGESTIVE

(Stairmore Times)

Last Saturday A. C. Kemmis, brother of the Conservative candidate John Kemmis, was a visitor in the Pains to town. He was up in the interests of the Conservatives of the prairie and was trying to heal up the troubles caused at the Conservative convention when the party in this riding availed themselves, school bill and all, and repudiated the policy and leader of their party in Alberta. Mr. Kemmis did not meet with any great success and has found out there are many up here who are Conservatives on principle and not anything at any time to capture the ground.

COMMISSIONERS LOOK OVER THE SITUATION

During their visit to the city yesterday the railway Commissioners were driven about by the city officials and enabled to review the general railway situation here. The several matters of interest to the city which will require the action of the commission were brought to their notice, including the proposal for a union station on the C. N. R. property. While no official session of the commission could be held owing to the short notice given Mayor MacKenzie appeared this morning quite satisfied with the situation and believes the various matters can be arranged satisfactorily and amicably. The cases will be presented to the commission in detail later on, probably in Ottawa, if not being thought necessary to again visit the city to hear evidence.

THE C. N. R. PRESIDENT

VISITED EDMONTON LAST NIGHT

Well Pleased with the Progress of Construction on the New Main Line.

President Wm. MacKenzie of the C. N. R. came into the city over the new line last night and left for the coast this morning's C.P.R. train. Mayor MacKenzie had an interview with him in which he expressed himself as entirely satisfied with the prospect of having the line into this city in a very short time. The rails are now laid past Vegreville and will be at the Port as soon as the bridge is ready which will probably be about the end of this month. It will only require eight days from the crossing of the river until the rails will be into the city. The lack of steel delayed them for about eight days in September. This was due to the partial blockade when the wheat began to move and will not likely occur again. President MacKenzie has the happy faculty of combining business and pleasure, and entirely concealing whether bent on nothing could be learned from him as to the nature of his visit.

FOSTER'S FORECASTS

Washington, D. C., Sept. 30.—Last bulletin gave forecast of disturbance to cross continent 29 to Oct. 2, warm wave 27 to Oct. 1, cool wave 30 to Oct. 4. Next disturbance will reach Pacific coast about 3, cross west of Rockies by close of 4, great central valleys 5 to 7, eastern states 8. Warm wave will cross west of Rockies about 3, great central valleys 5, eastern states 7. Cool wave will cross west of Rockies about 6, great central valleys 8, eastern states 10.

During first half of October all weather features except rain will be unusually rapid or intense. Rain will be heavy in a few small sections. The other weather features usually referred to are wind, temperatures, frosts, hail, snow, thunderstorms, electric storms, etc. From Sept. 30 onward for several days the storm will be severe in great central valleys, and the forest that usually upset our atmosphere will receive additional impulses about Oct. 4.

Second disturbance of October will reach Pacific coast about 8, cross west of Rockies by close of 9, great central valleys 10 to 12, eastern states 13. Warm wave will cross west of Rockies about 8, great central valleys 10, eastern states 12. Cool wave will cross west of Rockies about 11, great central valleys 13, eastern states 15.

This disturbance will come during a period of high temperatures, and weather features will be extreme as the disturbance passes eastward, after which the storm forces will become much less intense and conditions will approach Indian summer.

October temperatures will average cooler than usual east of the Mississippi river and warmer west. Rainfall will be generally deficient, favorable to corn gathering and cotton picking. Most rain will fall in Atlantic states and western Texas. The month will bring two periods in which the weather features will be more intense than usual except rainfall. First period will cover first half of month, second period 24 to 31.

Light frosts may be expected as far south as usual 3 to 7. Killing frosts usually fall south 14 to 20.

In the west October will come in warm and following it, moving eastward, will come a period of very cool weather. Another warm period will strike the west about 9, a week of high temperatures following, and then 15 to 20, an unusually cool spell. From 22 to 30 will average warmer than usual, and then falling temperatures and showers. Snow north.

YOUNG SETTLER MISSING

IN THE MEWASSIN DISTRICT

R.N.W.M.P. are Looking for a Young German Settler, Rudolph Cordeman who was last seen September 25th

Early in September, two young Germans, named Paul Werner and Rudolph Cordeman, landed in Edmonton in search of land. They finally located on a homestead some distance from Mewassin, 52-3-8.

On September 23, at noon, Rudolph Cordeman started for a neighbor's Hans Gromm to get some groceries, intending to go to the post office also before returning. Mr. Gromm invited him to stay all night, saying that the mail would be in then and he could secure it and return to his partner in the morning, but Cordeman thought Werner would be uneasy without him and declined to stay. Gromm pointed out a neighbor's house, Egge by name, and told him from Egge's house he could see the post office. Cordeman started and has not been seen since. Werner says if did not worry him when Cordeman did not return as he was expecting a post card telling him of a parcel that was to come over the C. P. R. to Edmonton for him, and thought he had got the card and gone to town for the parcel.

The R.N.W.M.P. have the case in hand and are working on it. As Cordeman had between \$500 and \$600 on his person. The country round is not thickly wooded for some little distance and several parties are looking for the missing man.

—Free Press: Mr. McLeod, chief engineer of the Canadian Northern railway, has returned from a trip over the company's main line as far as Edmonton. He states the tracklaying is progressing rapidly and that the ballasting crews are close in the rear of the steel gangs. So that by the time the rails are laid into Edmonton early in November the line will be in shape for practical operation. A contract has been let for the masonry work for the bridge over the Saskatchewan river at Fort Saskatchewan, and the permanent structure will be completed early next spring. The steel work will be done by the company's bridge building force. This will be a double decked bridge and will be used for vehicle as well as railroad traffic. The lower deck will be used for vehicle and general traffic, and the upper deck for trains. In order to secure this accommodation the government contributed a share of the cost of the bridge.

THE VEGREVILLE FAIR

WAS A GREAT SUCCESS

Splendid Weather and Good Crows—
Big Display

Vegreville, Sept. 29.—The third annual fair of the Vermilion and Beaver Lake Agricultural Society was pulled off here today and surpassed all previous events. The Vegreville fair is purely an industrial event and it was perhaps as good an exhibition of what the province of Alberta can produce from its land as can be found any place.

The display of grains and vegetables was very large and of the highest excellence and the judging was a heavy task. The hall was filled with grain, roots, dairy products. Ladies work, bread, butter and school exhibits, all of which were of the highest possible excellence and quality.

The horse classes contained some fine entire animals and a good class of agricultural and general purpose horses, though the numbers were not great owing to the pressure of threshing operations on the farms. Short-horn cattle in some cases, to the number of twenty for a single exhibit, were a good exhibit and there were some good grades.

Sheep and swine were not a strong exhibit, but some excellent poultry was out.

A good program of sports were carried out, the chief feature of which was a base ball match between the Fort and Vegreville teams. The result was favorable to the home team by a score of 9 to 4.

A number of visitors from Edmonton, Strathcona and the Fort took in the event, among whom were A. C. Fraser, Dr. McIntyre, J. McQuig, Hon. C. W. Cross, J. Bellamy, A. G. Harrison, W. F. Langworthy and W. J. Hunter.

MRS KYLE ACQUITTED

OF THE CHARGE OF MURDER

Ingersoll Woman who Shot a Tough
 Discharged by the Court.

Woodstock, Oct. 3.—Mrs. Robert Kyle, of Ingersoll, was placed on trial at the assizes today before Justice McMahon on a charge of murdering David MacGee. While the crown endeavored to prove that her shooting of MacGee was a wanton act, the woman herself swore that she had discharged the gun in order to scare MacGee away from the place. MacGee was a disolute fellow, who had been annoying the prisoner. It was when he made an effort to come into the house again after being ejected that the woman fired the shot, not at him, she said, but just to scare him away. That the bullet hit him was purely accidental. In his address to the jury, Judge McMahon charged strongly in favor of the prisoner. T. C. Robbette of Toronto conducted the defence. The jury, after being out about two hours, brought in a verdict of acquittal. Judge McMahon said he heartily concurred in the finding.
